

Enterprise Risk Manager

Salary from £50,000 plus benefits

Based in the Midlands

LGPS Central Limited has been established to consolidate and manage the pension fund assets of nine Midlands based public funds.

Since its launch in April 2018, LGPSC has become responsible for around £20bn of these assets. Around £10bn is held in funds structured in an Authorised Contractual Scheme ("ACS", itself authorised by the FCA) and around £10bn in a range of advisory and discretionary mandates. The volume of assets under management is expected to grow rapidly over the next few years as, in partnership with our Partner Funds, new Sub-Funds are developed and launched into which Partner Funds' assets will transition. A range of further Sub-Fund launches are planned for this financial year across a range of asset classes.

LGPSC is owned equally by eight pension funds and is dedicated to the management of local government pension assets. The aim of the Company is to use the combined buying power of its Partner Funds to reduce costs, improve investment returns and widen the range of available asset classes for investment – all for the benefit of local government pensioners, employees and employers. We are also committed to fully integrating Responsible Investment and Engagement into all our investment processes.

The management of Local Government Pension Scheme funds is going through significant change, providing career-changing opportunities for those who have the relevant investment experience and who want to work within a company which values integrity, trust, transparency, diversity, fairness and partnership. LGPS Central Limited aims to be a centre of excellence and we seek candidates who share our values to help us achieve that goal.

Our objective is to be a leading investment management company working with and for our Partner Funds. With a focus on value for money and performance we aspire to be one of the best because this is how we will deliver the superior investment returns and low costs for our Partner Funds.

We are a diverse and inclusive employer and would welcome interest from all sections of the community.

The Role

LGPS Central Limited is now seeking to hire an Enterprise Risk Manager to be based either in the Wolverhampton or Matlock offices of LGPS Central Limited.

We are looking for an experienced person to join our Compliance and Risk team based in Wolverhampton. The successful candidate will work closely with the Chief Risk and Compliance Officer and the broader business.

The role will involve the implementation of the risk framework, reporting on the risks, completion of risk reports and presenting these to the relevant committees and identifying risks and risk mitigation.

The risk team plays a key role in supporting the business as well as other internal and external colleagues. The role does involve a level of challenge to ensure we maintain an effective and efficient risk management service the appointee will also oversee key risk processes.

The ideal candidate will hold a degree level qualification and/or a relevant industry qualification with strong experience across Risk. You will be expected to continuously update your learning and knowledge in post.

If you are interested in applying for this position please send your CV with a covering letter, demonstrating why you have the skills to perform this role to recruitment@lgpscentral.co.uk.

If you would like to discuss the role, please email on the address above.
